

Who We Are

The Fresh Start Foundation (FSF) is an Independent Peoples Enquiry into Child Sexual Abuse and Satanist Ritual Abuse in Scotland. Having witnessed the failures of existing authorities to protect the children of this nation, and having seen the loss of confidence in the official inquiry, we have concluded that ordinary Scots must rise to this challenge. The resignations from the official inquiry, and the governmental interference cited as reasons for those resignations, were the last straw. We, the people, will investigate what has happened and what is happening. Our governments, and those institutions charged with delivering justice, have failed. We will no longer endure that failure. We have decided to act.

What We Are Doing

We have a step by step programme for the investigation. It is as follows:

1. Making contact
2. Gathering testimony
3. Informing the nation
4. Conducting Investigation
5. Testing the evidence
6. Pursuing prosecution
7. Leaving a memorial

How We Operate

We are an all-volunteer group. We give our time freely because it is right that we do so.

The first stage of the investigation, making contact with victims, survivors and others who have evidence to give, will be enabled by a two-year long programme of roadshows; taking us to every Scottish Local Authority area and twice to the four major cities.

The testimony we gather will be used in ways agreed with those providing it, this may be in anonymous form, it may be used for prosecution or it may be a public statement.

All our actions will be governed by the principles of common law - to cause no loss or harm. Where the evidence is of sufficient weight, it will be brought before a grand jury of the people for consideration.

The Origins of our movement

Many of those involved in the Fresh Start Foundation became aware of the issue of Child Sexual Abuse and Satanist Ritual Abuse through the courageous campaign for justice for Hollie Greig. This was led by Hollie's mother, Anne Greig and the redoubtable campaigner Robert Green.

Because Anne stood up for her daughter, Robert stood alongside her. Because Robert stood strong, we were inspired to do likewise, now we are a team. One more push and we can be a people's army. Stand with us. Stand up for the children.

What You Can Do To Help

We are asking for your help.

Firstly if you have access to social media, please spread our message. Let people know we exist, that we are completely independent and are a grass roots response to a national scandal that Police, Crown Office and Government have failed to address.

Next come along to the Roadshows to hear the information and testimonies from campaigners victims and survivors.

Finally, if you can do more, if you have information, practical skills or a burning desire to stamp out the abuse of our nation's bairns, come and join the fight.
